

ISHLTConnect Rules, Etiquette, and Privacy Guidelines

Thank you for being part of the ISHLTConnect community! This is a great medium with which to solicit the advice of your peers, benefit from their experience, and participate in ongoing conversations. To ensure the best possible experience for all members, we have established some basic rules and guidelines for participation. **By joining and using this community, you agree that you have read and will follow these rules and guidelines.** In order to preserve a climate that encourages both civil and fruitful dialogue, we reserve the right to suspend or terminate participation in ISHLTConnect for anyone who violate these rules.

The Rules

- Don't post messages about other organizations' and institutions' meetings, publications, programs, or services on any discussion list, resource library entry, or other area where others might see it.
- Don't post commercial messages on any discussion list, resource library entry, or other area where others might see it.
- Don't challenge or attack others. The discussions and comments are meant to stimulate conversation not to create contention. Let others have their say, just as you may.
- Do not post any information or other material protected by copyright without the permission of the copyright owner.
- Use caution when discussing commercial products. Information posted on the lists and in the libraries is available for all to see, and comments are subject to libel, slander, and antitrust laws.
- All defamatory, abusive, profane, threatening, offensive, or illegal materials are strictly prohibited. Do not post anything that you would not want the world to see or that you would not want anyone to know came from you.
- Please note carefully and adhere to all items listed in the disclaimer and legal rules below, particularly regarding the copyright ownership of information posted.
- Post your message or documents only to the most appropriate lists or libraries. Do not spam several lists or libraries with the same message.
- All messages must add to the body of knowledge.
- We reserve the right to reject any message for any reason.

Discussion Group Etiquette

- Be sure your signature tag is included on all messages. ISHLTConnect auto-populates the signature tag to include your name, affiliation, and location, so please double check this for accuracy.
- State concisely and clearly the topic of your comments in the subject line. This allows members to respond more appropriately to your posting and makes it easier for members to search the archives by subject.
- Include only the relevant portions of the original message in your reply. Delete any header information, and put your response before the original posting.
- Only send a message to the entire list (via the "Reply to Discussion" link) when it contains information that everyone can benefit from. Messages such as "thanks for the information" or "me, too" should be sent only to individuals by using the "Reply to Sender" option (click the arrow next to the "Reply to Discussion" link).
- Do not send administrative messages, such as remove me from the list. Instead, use the web interface to change your settings or to remove yourself from a list. If you are changing e-mail

addresses, you do not need to remove yourself from the list and rejoin under your new e-mail address. Simply change your subscription settings (via Profile > My Account tab).

- Warn other list subscribers of lengthy messages either in the subject line or at the beginning of the message body with a line that says "Long Message."
